Profile:

Graduate from Farmingdale State College as of December 2015. The road to obtaining a bachelor's degree in computer programming and information systems has really taught me the basics of programming and web development, which has led me to gain more extensive knowledge on my own. Furthermore, my possession of skills that can't be obtained through taking college courses is huge. In addition to me be extremely hard working and punctual, my strong interpersonal and time management skills can definitely be an asset in a team environment.

Skills:

- ⤴ **Have extensive knowledge of Microsoft programs:** Excel, PowerPoint, Word, Visio
- ⤴ **Operating system of choice:** Windows
- ⤴ **Good knowledge of:** HTML and CSS
- ⤴ **Working knowledge of:** Java, C++, PHP, JavaScript, and MySQL

Relevant Course Work:

Intro to programming I & II (C++)	Intro to JavaScript/jQuery
Web development I & II (HTML, CSS)	Web database development (PHP, MySQL)
Java Programming	XML

Projects: Some projects are showcased on my GitHub account and portfolio website, and I am working on getting more up soon. Follow this link to see my projects. [NJ3355.github.io](https://github.com/NJ3355)

- ⤴ Java program using swing GUI to add students names and activities
